victory.

LeClaire, Coach Overbagh's new find, was the big man of the day at bat, and at third he put up a clever game. He made a sensational catch of a foul ball in the first inning after falling over the bank behind third base.

Purvis held the victore billers and Purvis held the visitors hitless and runless until the third when they cut loose, swatting out three safeties and with two errors by Catcher Stanley, they were able to score three runs.

Westerly scored a run in the seventh and eighth. The Academy scored in the first, third, seventh, eighth and ninth. The winning run was made

ninth. The winning run was made with one down after Young smashed out a double and scored on LeClaire's clean cut bingle. The score: Cut bingle. The score:

TIGER CREW BIT GREEN

TO FACE HARVARD. Many New Oarsmen in Boat Which Will Meet Test This Week.

Pinters Get Big League Cast offs
With Garry Fortune, Bill Fish and
Bud Weiser, of the Philadelphias, and
a bunch of surplus material from the
Glants, the New London team of the Eastern Baseball league ought to win a few games, writes the sport man of the Philadelphia North American. Bud will row in Philadelphia two days

With the wind sweeping across the diamond like a young hurricane the Academy won its initial game in the Eastern Interscholastic league from Westerly High by the score of 6 to 5 Tuesday afternoon on the campus. The cold weather made it extremely uncomfortable for the few spectators and hampered the play.

The Academy after practically putting the game on ice turned things topsy turvy in the fifth, allowing allowing the visitors to take the lead, but the red and white bearers came back strong in the final inning, tying the score, and in the ninth nosed out a victory.

The academy won its initial game in the first spin on the water came on February 24. As a consequence the men will have had only about three weeks of actual practice before the race. This year Princeton is forced to develop an almost entirely new crew. There are only two men available who rowed in the 'varsity boat last year, and so the late start is proving unusually hard to overcome. Lee at No. 4 and Captain Cochran are the only men of the 1915 eight who are rowing this year, and they were both in a varsity boat for the first time last example. large a one as Princeton's, because it has six men left from its last year's

crew. rincston has hardly had time to try out, Frinceton has hardly had time to select the best combination from the large number of candidates who re-ported at the beginning of the season. The race with Harvard will serve as a test of the present combination, and may determine the solution of the may determine the solution of the Tiger's most urgent problem, the choice of a stroke to take the place of Putnam, who stroked the crew for three years and captained it last year. At the present time Cochran has been shifted to stroke and Sturges, who stroke the second crew last year, has been returned to that position. He will be the stroke of the Tiger eight that races the Harvard junior crew, and much will depend upon the relative showing of the sights.

There will be only about twenty practice spins before the race for each crew, and Dr. Spaeth summed up the condition of affairs at Princeton when he said: "What the crew needs is plenty of mileage, and the next two or three weeks will show a very rapid improvement."

Quotations. New York, April 18.—Selling of special stocks, more particularly the shares comprehending the war group, was resumed in moderate but steady fushion today, some of those issues repording lowest quotations for the current cecine. The doubtful status of the Europear and Mexican prob-lens contributed to this trend, but other events of the past few days an-

the movemen.
The morning these were he rathe pointed intimations convyed by representatives of large purchasing in-terests to the effect that England and France now seem able to meet their requirements for arms and ammunition without outside assistance. Other causes which made the immediate future of the war shares somewhat uncertain have also been advanced. That this condition does not apply with much, if any force to copper and kindred products was evidence. ed by the comparative firmness of the shares of such companies. Most of the metal stocks held their ground, with a quotation of 31 cents per pound for "spot" copper. U. S. Steel ruled a mere fraction over yesterday's mini-mum and Bethlehem Steel, which was far less active, scored a net loss of 18 1-9. Steel and some of the other leaders were at lowest levels jusat at the close, when announcement was made of another ten per cent. advance in wages by the steel corporation because of "the continuance of prosperous conditions."

ous conditions."

The heavy tone of the industrials and equipments in the last hour was largely offset by a fresh outburst of activity in Mercantile Marine, both activity in Mercantile Marine, both the common and preferred advancing to best quotations of the day with a similar advance in United Fruit.

There was a fair inquiry for shares of the coal roads, led by Reading, whose maximum advance was 1 3-4, with two points for Norfolk and Western and one for Erie first pre-ferred. The demand for these issues was accepted as a natural sequence to reports of an approaching settlement of differences with the miners. Total sales amounted to 430,000 shares. Francs, marks and rubles hardened further, with no appreciable change in

Cleveland Knocks Coveleskie Off the Mound.

Cleveland, April 18.—Triples by Vittand Veach allowed Detroit to overcome Cleveland's early lead and won, to 2. Cleveland knocked Coveleskie from the box in the first inning but could do little with Dubuc. The Indians filled the bases with only one out in the eighth, but Cobb caucht Howard's fly and doubled Speaker at the vice.
